About me

Passionate Full-Stack Developer & Product Designer, currently pursuing a Computer Science degree at the Open University of Israel. Skilled in web development, UI/UX, and problem-solving. A fast learner who thrives in collaborative and challenging environments. Seeking my first professional role to apply my skills and grow.

Skills

Programming Languages:

JavaScript, Java, HTML, CSS

Front-End Development:

React, Redux, Next.js, Tailwind CSS

Back-End Development:

Node.js, Express.js

Databases:

SQL, PostgreSQL, MongoDB

Design Tools:

Figma, Photoshop

Learnings & Interests:

AI & Automation (Python, Machine Learning Basics)

Yahav Gal

Full-Stack Developer

Education & Certificates

2022 - Present

The Open University of Israel

Computer Science

Currently pursuing a degree in Computer Science at the Open University of Israel, focusing on software development, data structures, algorithms, and database management. This program is enhancing my technical foundation and problem-solving skills, preparing me for complex challenges in the tech industry.

2023

Codecademy

Full-Stack Developer

Completed an intensive Full-Stack Development program on Codecademy, gaining hands-on experience with modern web technologies such as JavaScript, React, Node.js, and SQL. This certification enhanced my skills in building and deploying dynamic, responsive web applications.

Projects

Portfolio Website

Github: [Link](#) Figma: [Link](#)

Designed and developed a responsive portfolio website using Figma for high-fidelity designs and React with styled-components, featuring dynamic content and detailed project views for an interactive user experience.

Shrine

Figma [Link](#)

Led the creation of a high-fidelity mindfulness app prototype designed to enhance user interactions and overall wellbeing, utilizing Figma for UI/UX design and prototyping.

Result

Received proposals from startups interested in participating in a pilot program using the app.

Additional Skills

Fast Learner & Self-Taught

Quick to adapt to new technologies.

Problem-Solving

Analytical mindset for tackling technical challenges.

Collaboration & Communication

Experience working with teams and stakeholders.
